Principal Control of the Control of Court for the Francisco, El La and English for Pater from Sea Francisco, El La and English April 1989 (c) Table 1981 (c) Table

Wednesday, November 18, 1885,

Customs will meet in a couple of weeks, but no steps have yet been taken regarding the subject of an increase of appropriation for Aranaa Pass, by San

he same way.

Szavia and Hisigaria have opened hoslithies, with the first knock down for
he Siervans, in which they defeated
the Hisigarias and exputed about 100
pleasars. Just what it is all short, is
a question which the average reader
will shid diffusit of solution, beyond the
natural resentation of Service King
Miant towards the Bulgariass, with
which his people are not fully in accord.

which his people are not fully in scenari.

Nearry \$50,000 have been enterthed and paid in for the beneeft of the Galveston state. This speaks well for the people of the Galveston states. This to have been the people will be people will be deprived of the conforts of their considering, and while these people will be deprived of the comforts of their conforts and pleasant homes, yet all the immediate charity can provide will be found to be the conforts of their conforts the pleasant homes, yet all the immediate charity can provide will be found to be conforted with the foundation of the pleasant homes, yet all the immediate charity can provide will be foundated than breely.

Sax Axrosso is being afflicted with a series of small fires, which, whitenot particularly derivative, for the population of the foundation of the people of the presence of momentum of water to the second story of any building. The sity is paying at the rate of \$60 for single pings, and it should not only get wakes received, but there should be majusted in about the instate.

The grievance of source of the domains

question about the matter.

The grievance of some of the domains to the \$50,000 subscription of Wilson County to the San Antonile and Aran sas Pass Ballroad was exhaustively set forth in the Poleceville Chronicis in a six-solution letter by Mr. A. G. Peckett, Ar., in the absence of the father. His side of the mass was well pleaded, and would have earlied some weight with H intel in not ended in low vulgarity answertey of a street controversy. The relitroid, no doubt, will have its say, and this it can de it without personni vulgarity no one dentite.

for contrasts and almines extension to white in the city. By kind first-tion we stated and inspected the office and found in the city respect. The machinery in motion is a sight well worth seeing. The Learn uses the foot quality of paper meed on a Toxas daily, and is it typegraphical appearance and many other respect on the latest paper. Six-sees and many other respects a most linearesting and valuable paper. Six-sees the input of the properties are bound to bring it."

Saxs a Washington special: "The Tresident's order, excluding office sectors are bound to bring it."

Saxs a Washington special: "The Tresident's order, excluding office sectors are bound to bring it."

Saxs a Washington special: "The Tresident's order, excluding office sectors are posted uses, when when they have poulte insulate with him, will probably be recoked at the sent of the month. It was made to give the tresident time to proper bits necessary for which is the properties that it would be impossible in restrict posting in a filter of the sectors. But he resulptions that it would be impossible in restrict posting in their country to see him or to pake them appeared in advance their business with him themate Vest and William it. Morrison to day made a very reproduct state in the Variet Konstant's recomplete was a first the same in the Walte Home, they came away with a better quintum of the order.

The Sc. Learn Globe-Dremerat is a

On you 10th of this month the Victor On the folds of this menth the Victor refrigerator shoughtering establishme was sold at another by decree of our The original cost of the property we 60,000, and the stockholders then to no other members and organized it continental Ment. Company and were another establishment in Fort Worker of the following the two sheapings of the two sheapings about \$110,000, aggregating the two sheaping should be supported by the following the admiragement and not to the following the estimates a stiggation we commenced that finally resulted in a sais by another of both presents of the following the sais by a forting of both refrigeration. commenced that finally resulted in a sair by metion of both refrigerators, in aggregate of \$1,000. The Fort Wor branch has already under a five year contract for 6000-dressed heeves a mon The Viciniera plant was sold for Slat to Mr. H. D. Smillram, and it is undstood that a strong company, insided A. Lavi & Co., of Victoria, John Mart of Lontee, John B. Weed, of Refug W. B. Pettus, of Golfard, and other on mon, has been formed, and that more tive operations flast ever before will reasonable in a very short time. Texas is forecasted in the success these refrigerator shougher houses.

Continuent. "Execute money has been wasted upon the harbers of Texas," says the Larsed Times, "to have secured at least three respectable point of entry for the Sinds At Branco Santiago the depth has decreased, in spite of the happropriation and the "shift" of the government on the "shift" of the government of the vers. Sips could be shown to the shift of the point few years. It does seem that we have been schools willisering long in the school of experience to epipose the failty of any more in sufficient party reporterains to which amount. he result would soon strong the effort with complete stroness. Shriveled local-son, has been the base of very entag-prise upon this line, and it is rejected that Texase certainly should by this time have tearned from experience the only of hoping for any thing from an in-culficient appropriation exactered from the mouth of the Schline to the mouth of int His Grande. Concert of action on the part of the Texas delegation is the one thing most needed.

A Help to Gamil Digestion.

In the British Madean Journal Dr. W. Roberts, of England, dismasse the effect of liquies, tea, coafee and scene on digestion. All of these relaxed the chemical processes, but most of them elponisse the ginnouter activity and muscular contractivity of the chemical processes, but most of them elponisse the ginnouter activity and muscular contractivity of the contractivity of the
